

**EXHIBITING MADE EASY! CHOOSE BETWEEN OUR TOTAL (SHOWN HERE) AND TOTAL PLUS STAND PACKAGES**

Spotlights will add impact to your message.

Same type of walls. Choice of colours.

The wall covers half the length and/or width of the stand.

A clear area for your own message.

Room to do business.

The same carpet to create an open atmosphere and a uniform meeting place.

Curved information counter included in TOTAL PLUS.

The combined Scanplast, Electronix and Design Engineering event at the Swedish Exhibition Centre, 10-12 March 2009, will be Scandinavia's most innovative venue for product development. And as a unifying element between the fairs, the carpeting and the walls will be the same throughout.

We can offer you two different packages that include both the stand and technical service. A simple and convenient way for you to keep on top of your costs, right from the start. The only charges not included in the price of the stand packages are the registration fee and exhibitor insurance cover.
